

P.S.

can hazard a guess at
the position of the mother-ship which
has 'spun' the satellite

around the latter

Section 40

Yam

have been the same in the past
but have felt a new group of
them and some who were being
brought back (I think) and others
of the same kind as the one
which was brought back to the
main group. The same group
of the same kind as the one
which was brought back to the
main group.

the same kind as the one
which was brought back to the
main group. The same group
of the same kind as the one
which was brought back to the
main group.
