## MINUTE SHEET

Subject

Station: KIRKLEES - DEIGHTON

Date: 8th January 1986

REPORTED SIGHTING OF  
FO's - DEIGHTON AREA  
.1.86.

Superintendent Section 40

At 12.43 hrs on Saturday 4th January 1986 Mr.

40

Deighton, Huddersfield telephoned Force Control at Bradford to report sighting a number of UFO's in the early hours of the same morning. The message was recorded on RNC Log 632/4.1.86.

At 1535 hrs the same day I went to Section 40

Section 40 where I spoke with Mr Horne. He related the events described in the statement to me. At the time of the incident he was Section 40 accompanied by his daughter, Section 40 15 yrs, and son, Section 40 12 yrs who are both resident at Section 40. They were not present when I saw Section 40 and have not been seen by a police Officer about the incident.

Section 40 is certain about what he saw and says that neither he nor the children had been taking any stimulants or medicines. There are no known other witnesses to the incident.

As will be seen from the statement the description given in the teleprinter of the events is not very good and it could quite possibly be that the objects seen were in fact one object which kept appearing.

Section 40 appears to be a man of average intelligence who appears quite knowledgeable about astronomy and matters of the sky. He informs me that this is the first such sighting that he has seen.

I ask that this report be forwarded to the Home Defence Unit together with the original statement, a typed copy, a copy of the teleprinter and an approximate map showing the places of disappearance and reappearance.

Section 40
