Re UNIDENTIFIED FLYING OBJECT

1

Chief Superintendent

On Thursday, 26 April 1984, PC Section 40 was on duty at Edgware Police Station when at approximately 10.20pm he received a telephone call from Section 40 aged about Section 40 of Section 40 Stanmore. As a result of what Section 40 told the officer, he went to Section 40 where he met Section 40 and Section 40, of Section 40 Stanmore. They stated in the presence of PC Section 40 and PC Section 40 that they had seen an object of an unusual nature in the sky above her rear garden.

Both officers accompanied Section 40 and Section 40 into the rear garden of Section 40 where Section 40 pointed east towards a flashing light, approximately 45° up in the sky from where they were standing. The officers obtained a pair of binoculars and studied the object through them and saw that the object was circular in the middle with a dome on the top and underneath. The middle of the object had blue lights around the middle and a red/pink lights on the extreme right of the middle. The dome on the top and blue and white flashing lights, the dome underneath was blue, green and red/pink with white flashes. They observed the object for an hour and during that time the object moved erratically from side to side, up and down and to and fro, not venturing far from the original position. During the time the officers observed the object it moved up to the right to a position of approximately 50° from where they were standing.

SC Section 40 was also present during this time and observed the object. The object appeared to be over Borehamwood or Mill Hill.

Section 40 stated "At 9.45 approximately, I opened my back door to let the dog in, when I noticed a bright light in the sky about 45° up above the trees in my back garden that was flashing blue, white, green and pink and it seemed to have things flashing off it. I called my friend out to show her. We both stood and watched for about 5-10 minutes. I ran out to tell my neighbours but saw two young boys walking by and asked them if they could see it they said they could. I ran back into my friend, we watched a little longer. I then ran next door and told them, we went in their garden. They also saw it and the light flashing off it. I ran back in again and my friend and I stood watching it when a blinding white ball with a trail behind went above from left to right, we both screamed at the same time our neighbours heard us. The light at this time was going further back in the sky and throughout the whole time the object was moving very fast and very erratic the whole time. I am not a nutter. I 'phoned the police who sent three officers round, who all witnessed and agreed this was not a plane or a star and that it was flashing colours and moving very erratic. This object was also viewed through binoculars by the police and myself".
