seconds. After the 11th object had been seen we waited approx 15 minutes but sighted nothing else. we returned to the house and I kept looking out of the window but saw nothing else.

All three of us are absolutely certain about what we saw. I had not been drinking or using any medication or drugs. It is the first time that I have seen anything of this nature and can say that it was not like anything else I have seen before or can explain.

[Section 40] drew an appropriate sketch of the paths of flight of the objects which I can say is reasonably accurate and I have handed this to PC [Section 40]
